MONDAY MORNING, MAY 13, 1901.

P. L. SHOAF, Publisher.

NOTICE TO SUBSCRIBERS.

From and after this date, our Carrier will collect subscriptions from our City patrons EVERY MONDAY MORNING, commencing to-day, and we hope every one indebted to the **UNION TELEGRAM** will be prompt in paying.

Those already indebted for subscription or advertising will also be expected to remit the cash as soon as they are notified by them. If the paper will be sent to a distance unless paid for in advance.
Salt Lake City, November 5, 1898.

California Politics.

Our friends in California are in the midst of an exciting and important political canvass, and parties are ranging themselves under their respective banners. During the month of June both the Democratic and the Union State Conventions will assemble, at which nominations will be made for Governor, Lieutenant Governor, Secretary of State, Attorney General, Controller, Treasurer, and other State officers for the ensuing four years. Besides these there are three Congressmen to be chosen, and members of the Legislature. The interest seems apparently to centre in the gubernatorial candidate. For this office the Democrats have a host of candidates, among whom we notice the names of Casserly, S. M. Wilson, Hoge, Sprague, Hager, Lent, Coleman, Peachy, Holden, Downey, Crockett, Hayward, Haight, etc., all of whom have for years been prominent and distinguished in the Democratic camp. Excepting, perhaps, Peachy, Holden, Downey and Crockett, the gentlemen named, we recognise as strongly in favor of the war and were what were called War Democrats. Many of them acted with the Union-Republican party, until the question of negro suffrage and reconstruction caused them to side with the conservatives and they now support the policy of President Johnson.

The San Francisco Examiner is hopeful of success in the coming campaign, and talks thus: "The time has come when the people, if roused to the occasion, are ready to say to the usurpers of the Constitution styling themselves Congress: 'Forbear, you things that stand upon the pinnacles of State, to boast your slippery height; when you do fall, you dash yourselves in pieces, never to rise.'"

In the Union or Republican ranks the candidates for Governor are not so numerous and interest centres on a few. Among those named are Bidwell, (late Congressman,) Firley, Gorham, Lowe, (present Governor,) and Faye, the battle really being between the first three, with chances apparently in favor of the first named. For the other offices a host of candidates are spoken of, and as the nomination by the Union Convention is regarded as equivalent to an election, there will be an exciting contest at the primaries and in the Convention. All sorts of "plates" are being made up, and underneath the struggle runs deep, swift and with engulfing force, the Senatorial question. Senator Conness is the leading candidate for re-election and is boding everything to compass a victory. But Lowe, Sergeant, Phelps, Philon and others are in the ring, and will give the Senator a lively fight for the high position. It is to be hoped that California will not permit their State to be disgraced by such conduct as characterized the late Senatorial election in the State of Nevada.

CHANGE OF NAME.—The name of Fort Worth, Kansas, has been changed to Fort Marion. There are two great military roads there, one dividing towards New Mexico, and the other to the Indian territory south. Both have to be guarded, and Fort Marion, it is supposed, is the point which, being in the center, will be the most effective.

BY PACIFIC TELEGRAPH.

SPECIAL TO THE "DAILY UNION TELEGRAM."

New York, May 9. The Herald's Fort Larned, (D. T.) special, dated yesterday, says Hancock's operations on the Smoky Hill route have driven the Southern Cheyennes north. They are moving in four war parties. They struck the South Platte road between Galesburg and Denver night before last, and burned two ranches. The Indian Commissioners are in council with the Indians here. Messengers from the North have arrived, and state that large numbers of Indians desire to come in and make peace—Red Cloud included. Numerous war parties are on the road between here and Fort Philip Kearney. The Indians say they shall be withdrawn.

Oil City, Pa., May 10. Ten buildings were destroyed by fire this morning. The loss is heavy. Two men were badly injured by a falling building.

New York, 10. The Tribune's special says that the President says, by reason of Gen. Griffin's order, requiring the exclusion of jurors who cannot take the test oath, the courts have closed and the question is waived, to see if the ruling is approved by the President. No answer will be given till the Attorney General's opinion is completed.

St. Louis, 10. The steamer Wagner, an Omaha and Sioux City packet, was snagged and sunk yesterday, eighteen miles below Dacotah. She is a total loss, and was valued at \$25,000.

Cleveland, O., 10. In the Sam Davis and Jim E. Mott fight today, Mott lost by a foul lick, after 9 rounds, in 11 minutes. There were two savage fights on the boat from Detroit, in which one man had on ear and his nose bitten off.

Julesburg, Neb., 10. The Sioux Chief, Spotted Tail, with 150 lodges and 800 people, crossed the Platte today at Beauvais' ranch, 25 miles below here, going north for subsistence supplies from the Government. The Indians expressed themselves as friendly.

Teams are moving down to commence the season's work on the railroad, which is progressing at the rate of 25 miles per day.

Fortress Monroe, 10. The writ of habeas corpus, in the case of Jeff. Davis, was served this forenoon on Gen. Burton by Marshal Underwood and Deputy Marshal Daniels. Gen. Burton first decided to deliver Davis over to the custody of the Marshals to-morrow morning, but afterwards determined to obey the writ literally, requiring him to produce Mr. Davis before the Richmond Court. Mr. Davis and family, and the Marshals, take steamer for Richmond. Gen. Burton will on Monday personally produce the prisoner in Court.

Robert Ould, and numerous other visitors, reached here this morning, bearing bouquets and other presents for Davis and family. The utmost interest was manifested in Norfolk respecting the probabilities of the trial and release of President Davis.

New York, 11. The Herald's London special says the Fortress of Luxembourg will be evacuated by the Prussian troops, and razed. No troops are to be retained within the territory of Luxembourg, except a force necessary to maintain order and preserve peace.

Hartford, 10. Charles B. Rond, President of the Hartford and New Haven Railroad, died today.

[BY ATLANTIC CABLE.]

London, 9. The Peace Conference held its second session today. The following basis of deliberation has been agreed upon: First, the Territory of Luxembourg to remain in possession of Holland, as Grand Luxembourg. Second, the Grand Duchy to be guaranteed by all the European powers. The Conference had also agreed that the Fortress should be razed. Deputy stated in Parliament last night that he considered the peace of Europe no longer a question of doubt.

London, 10. In the Commons's division took place on the amendment made by Government to the Reform Bill. The amendment was adopted. Hon. H. S. Walpole, Home Secretary, has resigned, and Hon. Gathorne Hardy appointed in his place. The Earl of Devon replaces Mr. Hardy as Chairman of the Poor Law Board.

Paris, 10. The new Franco-American Telegraph Company, which proposes to lay an electric cable between Brest and Halifax, has been promised the support and assistance of the Imperial Government.

STATE PRISON BURNED.—The State Prison near Carson, Nevada, was burnt on the night of the 4th inst., supposed to be the work of an incendiary. No prisoners escaped. The loss is estimated at \$100,000.

HEAVY FALLING.—It is said that the War Department's orders to Gen. Hancock are, that he must act on the defensive only and not fire upon the roan Indians until they have commenced the attack; and then not kill any of them, but present them (if overtaken) with red blankets, Sharpe's rifles and ammunition. Wise solons (!) them chaps in Washington, on the subject of fighting Indians. We would suggest the idea of raising a few regiments of colored troops, let and fatten them sufficiently till the wool grows long enough to be conveniently scalped, put Fred Douglas in command, and send them after the Indians. We have sacrificed enough of white men, and now suppose we give our colored brethren an opportunity of displaying their valor. A few thousand black scalps hanging on the walls of our National Capitol, (for which blankets can be given) would do more towards directing attention to the wants of the Indians, than ten thousand ghosts of murdered white men, women and babes.

THE INDIAN FIGHTERS.—A correspondent of the Denver News, writing from Julesburg, thus speaks of the fitness of the officers selected by General Grant to conduct the military operations against the Indians on the plains:

Gen. Angur, the Department Commander, is one of the finest executive officers in the army, and has served years on the frontier. Upon his staff are men of ability and long experience as frontier men. General Meyers, Chief Quartermaster, Colonel Merrill, Assistant Inspector General, Colonel Chambers, Judge Advocate, and Colonel Alexander, Medical Director, have each seen fifteen or twenty years service among Indians, and understand Indian character, and customs, and warfare perfectly well, and are well qualified to give advice to the General commanding, if he should require it. General John Gibbon, commanding the Thirty-sixth Infantry, headquarters at Fort Kearney, Nebraska, has seen much frontier service as an artillery officer. Generals Palmer and Wessels have hunted Indians in every western Territory, when the tribes were much more powerful than now. Gen. L. H. Potter, of the Thirtieth Infantry, has had fully twenty years' experience in Texas, Indian Territory, Kansas, Nebraska, Colorado, Dakota, Utah, Arizona and New Mexico. He knows the country by heart, and knows how to fight Indians. Colonel Dodge, of the Thirtieth, has had several years' campaigning against the Apaches and Comanches. Major Vanvoast, of the Twenty-seventh, has served in all the Indian wars of the Pacific slope. Captains Morris, Jordan, Green, Mizner, Ball, Mix, and Derrus, of the Second Cavalry, and many other officers of the other regiments, have marched over most of this country when there was not a ranchman from Aitchison to Salt Lake.

The same correspondent adds:

We want troops and a fixed determination upon the part of the government to teach these savages that they are subjects of the government; that they cannot murder and torture the whites with impunity. As it is now, the government has no policy at all. The Interior, and the War Departments, are each pulling in an opposite direction; while the War Department fights, the Interior Department feeds and arms them.

These are the sentiments of almost the entire population of the Western States and Territories, and in the face of the daily accounts of the depredations of the Indians north, east and south of here, in the shape of killing human beings, stealing stock and burning stations and ranches on the broad thoroughfares of travel, our government, after arming and provisioning a large body of troops, commanded by able officers, must, forsooth, pursue the old policy of sending commissioners to thwart the military and enter into more peace negotiations with these savages, who break all treaties as soon as made. Fit upon such policy; it is a disgrace to the country.

To Advertisers.—The **Union-Idaho** is the pioneer daily newspaper of Idaho. Its extensive circulation in every mining camp and city of Montana and Idaho, to which it gives the telegraphic dispatches, a whole sheet of the Pacific coast, makes it the most advantageous medium for advertising in these four central Territories.

LOCAL AND MISCELLANEOUS.

DEPARTURES.—Saturday morning General P. E. Connor and family, H. M. Claves and Joseph E. Claves, took their departure in the Overland stage for Stockton, California. Gen. Connor returns to his old home in Stockton, where he will reside in future; and the Messrs. Claves will probably locate in San Francisco. We regret very much to lose their society, yet envy them the warm reception they will receive upon their arrival in California from their many tried friends. Harry Claves was formerly our partner in the **Union-Idaho**, and has been with us since last October. Whether we will ever succeed in getting an agreeable partner again, is more than we can tell.

INCOME TAX.—Following will be found a communication from Gen. Chelstain, Internal Revenue Assessor for this District:

OFFICE ASSESSOR INTERNAL REVENUE,
SALT LAKE CITY, May 11, 1867.

Editor Veltre:

Under Commissioner Rollin's instructions to Assessors of Internal Revenue, of April 26, 1866, and of March 7, 1867, the entire income of "foreigners residing in this country," from all sources whatever, is to be taxed.

My predecessor did not carry out the instructions of April 26, 1866, when assessing incomes for 1865. Whether it was done by authority of the Commissioner or not, I am unable to say. I have postponed assessing the entire incomes of persons not naturalized, until I can hear from Commissioner Rollins, to whom I have addressed a communication on the subject. Should there be no change in the above construction of the law, the entire income of foreigners (aliens) will be assessed throughout the Territory.

Respectfully yours,

A. L. CHELSTAIN, Assessor.

Madame Thornton possesses such wonderful powers of second sight, as to enable her to impart knowledge of the greatest importance to the single or married of either sex. While in a state of trance she delineates the very features of the person, you are to marry, and by the aid of an instrument of intense power, known as the Psychometre, guarantees to produce a life-like picture of the future husband or wife of the applicant, together with the date of marriage, position in life, leading traits of character, &c. This is no humbug, as thousands of testimonials can attest. She will send when desired a certified certificate, or written guarantee, that the picture is what it purports to be. By enclosing a small lock of hair, and stating place of birth, age, disposition and complexion, and enclosing fifty cents and stamped envelope addressed to yourself, you will receive the picture and desired information by return mail. All communications strictly confidential. Address in confidence, MADAME E. F. THORNTON, P. O. Box 223, Hudson, N. Y. (ap16-ly)

A YOUNG LADY returning to her country home, after a sojourn of a few months in the City, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruddy complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the **Circassian Balm**, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, and healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all impurities, kindly healing the same, and leaving the surface as Nature intended it to be, clear, soft, smooth and beautiful. Price \$1, sent by Mail or Express on receipt of an order by W. L. CLARK & CO., Chemists, (ap16-ly) No. 3 West Fayette st., Syracuse, N. Y. The only American Agents for the sale of the same.

Humboldt's Extract Buchu and Improved Rose Wash cures scurf and delicate disorders in all their stages, at little expense, little or no change in diet, no inconvenience and no exposure. It is pleasant in taste and odor, immediate in its action, and free from all injurious properties. (ap16-ly)

LOUIS A. GARNETT, President and Manager
JOHN HEWSTON, Jr., Chemist and Superintendent

This Company having greatly enlarged their Refining Works, and introduced many other important improvements, are pleased to announce that they feel warranted in again reducing materially their terms of doing business.

The Tariff of Charges

Which they now submit to the public—considered with reference to the cost of material and labor—is lower than in any other part of the world, and secures to the mining interest of this coast an important increase in both the mining and commercial value of bullion.

Their charges hereafter will be as follows:

For Assaying Deposits for Unparted Gold Bars.

One-eighth of one per cent. (hereafter a quarter) for all amounts over \$1,000, and two dollars for any smaller sum. Returns made in twenty-four hours.

For Assaying Deposits for Unparted Silver Bars.

Two dollars for the gold contained, up to \$1,000, and one-eighth of one per cent. for all amounts over that sum, and one per cent. on the silver contained. Returns made in twenty-four hours.

For Refining Deposits made for Coin or Fine Bars.

On bullion under 300 parts gold, 2 cents per ounce. On bullion from 300 to 400 parts gold, 4 cents per ounce. On bullion from 400 to 500 parts gold, 6 cents per ounce. On bullion from 500 to 600 parts gold, 8 cents per ounce. On bullion from 600 to 700 parts gold, 10 cents per ounce. Above 700 the only charge will be for coinage. But there will be no charge for refining less than two dollars.

For Coining Gold.

This charge will be the same as at the Mint—half of one per cent.—and which is paid by us to that institution. But there will be no charge in future for making fine gold or silver bars from bullion refined by us.

Returns in Coin Made in Forty-Eight Hours.

Silver contained in deposits for coin will be accounted for at the same rate customary at the Mint. Gold bars of other Assayers in good standing, will be cashed by us at the highest market rates.

Dust and bullion can be forwarded to us from any part of the country, and returns made through Wells, Fargo & Co.'s Express.

Charges at U. S. Branch Mint.

For the convenience of those not familiar with the terms of the Mint, we submit the tariff of charges now in force at that institution:

For refining bullion under 300 parts gold, 3 cents per ounce.

For refining bullion from 300 to 400 parts gold, 5 cents per ounce.

For refining bullion from 400 to 500 parts gold, 7 cents per ounce.

For refining bullion from 500 to 600 parts gold, 9 cents per ounce.

For refining bullion from 600 to 700 parts gold, 11 cents per ounce.

For refining bullion from 700 to 800 parts gold, 13 cents per ounce.

The charge for coinage is half of one per cent., and the charge for making fine silver bars, the same.

Comparing the net value of deposits for coinage with the proceeds of unparted gold bars sold in the market—assuming that the bars have cost 100% of one per cent.—they must be sold at the following per rates to equal the return which would have been made had they been deposited for coinage:

350 per to equal Mint return, at refining charge of 14 cents.

440 per to equal Mint return, at refining charge of 11 cents.

530 per to equal San Francisco A. & B. Works return, at refining charge of 8 cents. (my1-3m-16)
